**Subject:** Passaic NRRB meeting

Amy, I have a conflict with the next meeting that I can't change. I'm putting on mandatory training on Dec 12 and 13 here in the Region for our RPMs and the schedule has been set for a while. I am very disappointed--I really wanted to participate in the Passaic review.

John--Please still send any information to me as I'd really like to review on my own if not with the whole group. Thanks!
